FARMVILLE.

Farmville dreads a rainy Saturday almost as much as it does an invasion of small-pox.

Farmville has three regular physicians now: Messrs. Fogus, Beach, and Lipscomb, men of physical strength and courage enough for any emergency. Fogus is chief and a model officer.

The Winston Drug Company's new store is one of the best in Farmville, if not in Southside Virginia.

Mr. T. O. Sandy whose model stock farm is near Burkeville, has demonstrated that this is a stock-raising as well as tobacco growing section.

Rev. Mr. French pastor of the Methodist church, is winning warm place in the hearts of all the people.

Rev. Mr. Winn, of Petersburg, will deliver a series of lectures before Miss Blandy's Kindergarten class of the Normal. He will also preach the Baccalaureate sermon before the graduating class of that institution in Feb.

It looks natural to have Mr. W. H. Robertson on our streets again. With his family he has returned to the old home on High street and no doubt they feel more at home here than elsewhere.

Our automobile is in winter quarters.

The late W. E. Gannaway, of Buckingham, had a host of friends here who greatly mourn his death.

Prospect Notes.

The first quarterly conference of Prospect Circuit will be held at Prospect church January 27-28. The Presiding Elder Rev. J. D. Hank will preach both Saturday and Sunday.

The ladies of the Parsonage Aid Society of Prospect Church will serve oysters on the evening of Jan. 23, at the residence of Mrs. Ellen Allen.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pennsylania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and it has all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with."

Indiana's secretary of State declines to surrender his office and the governor has held up his salary. It looks as though Indiana had developed a governor at last, who is determined to govern.

How to Avoid Pneumonia.

We have never heard of a single instance of a cold resulting in pneumonia or other lung trouble when Foley's Honey and Tar has been taken. It not only stops the cough, but heals and strengthens the lungs. Ask for Foley's Honey and Tar and refuse any substitute offered. Dr. C. J. Bishop of Agency, Mo., writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case."

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the

urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Home of Swamp-Root.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Cumberland Organizing.

The death of Mr. John A. Anderson, which occurred on the 27th of December cast a gloom over the entire neighborhood, as he was one of our noblest and best christian gentlemen.

Miss Pollie Elam, of Blackstone Female Institute spent the holidays with her parents. Also Jas. I. Elam of Richmond, R. S. Elam of Petersburg, W. J. Elam of Amelia and Burnley R. Elam of R. M. A. were present at the annual family reunion.

We are having a quantity of rain and good tobacco season, and the farmers are taking advantage of them—striking and stripping and hauling to market. The prices are generally very satisfactory.

The A. S. of E., I think, has a great deal to do with the advanced prices now being paid for tobacco. Cumberland and Buckingham are coming to the front very fast by organizing local unions of the American Society of Equity. Mr. S. B. Elam, local organizer, is doing good work in his territory.

Mr. William Gannaway, an aged and estimable gentleman died at his home Wednesday the 10th inst of pneumonia, it being the second attack he has had this winter. He has been a great sufferer for many with a complication of diseases.

Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Po-terville, California. There is no doubt about its being the best No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other The fact is that few people are satisfied with any other after having once used this remedy.

A Thousand Dollars Worth of Good.

A. H. Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick dust like fine stone and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good.

L. E. Smith, Appomattox; W. B. Woodson, Concord; W. C. Nowlin, Spout Springs.

Summing it all up we know just enough about the life insurance companies from the investigation to make us wish we could really get the inside workings of those great corporations.

Many Interesting Reports Made of Her People.

MORNING.

Like children happy at their play
I watched you when you flew away.
And leaning idly on the swing
Dear little bird I mocked you sing.

The sun rose from its bed of blue;
No thought of sorrow then I knew.
The brook went singing on its way,
My heart was happy as the day.

The flowers tossed out their sweet perfume
Laughed through the happy hours of bloom.
I kissed the dew from petals bright
And called them sweetest stars of night.

EVENING.

The sun, trailed on its weary way
Down to its ashen bed of gray.
The roses wore a paler hue:
The raindrop fell the whole night through.

My heart throbbed on in weary pain
My lips could never smile again.
I knew not when the day was born
That one could learn ere night to mourn.

I had loved so well and loved so long,
I had taught my heart but that one song.
And when they took that song away
I prayed to die then with the day.

You came back with the dawn and breeze,
I heard you singing in the trees.
And living on my bed of pain
I watched the crimson of your wing.

You bring old memorys back to me
Of love that went to swift decay,
While you those torturing memorys bring
Dear little bird you must not sing.

CARLINE CALOWAY.

Buckingham.

Town incorporation and a dispensary all the talk of the times here; Senator Patteson has introduced a bill to have the town of Maysville incorporated and grafted on the bill is a measure to have a dispensary established here, but our Senator says he shall hold up action on the bill to give the people time to decide what they want done in the matter, meanwhile petitions are being circulated in this (Maysville) district by those who advocate and those who oppose the dispensary plan and on Saturday Rev. Mr. Johnson, of the Baptist church preached against establishing a dispensary.

Most people are looking forward to "Cool" day, some to trade or sell a horse, some to buy, some to sell provisions to the boarding house keepers etc., but most people forget what day court begins and I am frequently asked "when is cote day?" Why it is Tuesday after the 2nd Monday in February! Every one used to know that the 2nd Monday in each month was county court day and they came and met their friends and transacted the business of the month.

Senator Patteson's bill to seperate the school fund, giving to the colored schools only the amount of tax paid for this purpose by the colored people, has brought forth much adverse criticism, in the way of editorials in the city papers one paper taking the ground that for the Constitution to make an educational requirement a prerequisite to voting and then for the Legislature to pass a bill to cut off the means provided for the education of the colored people would be great injustice.

Speaker Cardwell's action in not appointing Mr. R. E. Lee chairman of committees for which it was claimed he was the ranking member, has been the subject of much talk. I don't know enough of these matters to express an opinion, but I do not think that honors should be conferred on members of the Lee family simply because they had ancestors who did such noble deeds for which they had all honor and glory while living. A man should be advanced according to his individual merit and not on the standing of his ancestors, but I do not pretend to say that the present Mr. Lee is not deserving of any or all honors. This calls to mind John R. Wise's assertion that if Fitz Lee had been named Fitz Smith he would not have been heard of beyond his home county.

Diptheria is doing its deadly work again and two children were taken from the same family in one week near this place.

A little child of Mr. P. W. Amiss has been very ill with pneumonia and was very successfully treated by Dr. L. G. Morris.

Mr. Frank Swoope sold some tobacco in Farmville last week at $12.85 for long leaf and $7 for lugs. The Buckingham boys continue to patronize "The Star" Warehouse, where they see so many Buckingham employees as to make them feel at home.

The postoffice here has been fixed up with individual lock boxes.

I can't see where our Board of Supervisors have intentionally made our taxes a burden and the county levy is only 40 cents on $100 the same it has been for many years.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds.

Alexander Southern—Thwaett's snowstorm arrived at the precise moment of the departure of the Palm Limited for Miami, Palm Beach, Aiken, Augusta, Nassau, Havanna, Savannah, Jacksonville, Ormond, and St. Augustine, on Monday. I was inveigled into going to Jersey City to inspect the new train, and found a St. Regis on track. Too fine for my blood—now that everybody must pay. Thwaett took as much pride in that train as if it had been a new baby on Washington Heights—the coldest part of New York. Male passengers gave a satisfied grunt, and the females said "Ah!"

This is the train that arrives at Jacksonville and St. Augustine on time.

INTERESTING STORIES ABOUT HOME FOLKS.

Our Correspondents Relate the News of the County.

Spring Mills.

This is the first attempt of your scribe to get together a few items of this section this year.

We have not hibernated as it may appear, but are just as busy as ever, hoping to acquire something never yet attained, this blessed New Year that has dawned upon us. May our aspirations be higher and nobler with each New Year. Some of our readers have seen a great many and have grown stronger and nobler men and women.

Our farmers have been taking away the weed and report good prices in Lynchburg. Much more will be sent next week if the weather permit.

Our Local Union is still alive, and it's members can see that the product of the farmer brings a better price than formerly and are willing to give this organization the credit for the improvement.

Mr. John Davis had the misfortune to get eight of his sheep killed last week by dogs and as many more hurt.

Mrs. Bardsdale is convalescent; we were fearful lest she should have pneumonia, as she had a spell last winter.

Falling River school has been closed several days, owing to the illness of it's teacher, Miss Bertha Woolridge.

Mrr. R. C. Fleelman who has been visiting her father's home, for several weeks, returned to her home in Bluefield, accompanied by her two little sons, Raymond and Edwin.

It is rumored that a phone line between Spring Mills and Spout Springs is under consideration. Let the farmers have every advantage possible, as labor is so high and scarce. Such a line would be a great help to the people in the section through which it passes and these people could get it if they would make an effort.

Bent Creek

We are having beautiful weather for the season and farmers are taking advantage of it to market their tobacco, notwithstanding the muddy roads. Messrs. John Thornhill, Eddie Carter, Whitcome Wells and others sold tobacco in Lynchburg last week for satisfactory prices.

There is right much sickness in this community at this time. Dr. Watts is kept busy most of the time. He is a wide awake physician and seems to understand the art of giving pills and powder to perfection, and has had some critical cases which he has handled successfully since he has been at his present location.

Mrs. Mary A. Dixon is sick at this writing. Her friends as well as her family are very anxious about her. Mrs. John Wood is also on the sick list at this time. We hope she may soon recover.

Bessie Wright, the daughter of Mr. Monroe Wright, fell and sprained her ankle last week She is doing fairly well at this time.

If rumor be correct the wedding bells will soon be ringing. I'll tell more next time.

Miss Ida Dixon returned from a visit to her sister, Mrs. R. M. Brown. Little Charlie Brown still continues critically ill.

Pamplin City.

Tobacco from all sections of the counties continues to pour into our new market. Since my last article our market has suffered a temporary inconvenience occasioned by absolute impossibility to furnish hogsheads for shipment Some of the buyers have been depending on their empties being sent from other shops. The glut of tobacco on other markets cut us entirely off from all other supplies, consequently the buyers here had thousands of pounds of tobacco and no room for it. This temporary glut of course depressed prices slightly for a few days. The stock has been entirely cleared up now. Facilities for supplying empty hogsheads from our shops here have been enlarged, so we have no fear of repetition of these embarrassing conditions.

Though prices declined five points for five days, they have gone back and our grades are bringing satisfactory prices. Your correspondent has ordered to prepare the three market, Farmville, Pamplin and Lynchburg and he finds that this market is fully up to any other in the state. Logs and fillers little higher here and leaf tobacco just as active.

We sold last week 83,505 pounds, and from present indications break will be larger this week.

Sales for the year will go beyond a million pounds—far in excess of the highest calculation by the management. Bring in your tobacco farmers and help your own enterprise—your own market.

Business continues active, better than for the same month in former years.

This depressing weather has stopped sale of winter wearing apparel, but we hope for a freeze before many days as this temperature is very unnatural and dangerous for this season of the year.

In His New Field.

DEAR TIMES:—Force of habit prompts me to send you another scribble, which my find it's way into the waste basket. But here goes anyhow.

Rain, sleet, mud, these are the conditions in evidence for the past several weeks.

On Saturday, Dec. 16, I left the parsonage for an eight mile drive to the home of one of my members, that I might be able to meet my appointment Sunday. Heavy sleet covered forest, fence and field, and the task of driving all about us, while large trees snapped like pipe stems. My faithful little horse kept bravely on and I arrived at Brother R. T. Rives about 3 p. m. where a roaring log fire awaited me together with abundant hospitality. Sunday I preached to two very fair congregations of appreciative hearers.

Xmas has been to us a happy season though spent quietly. Santa Claus sent us a fine box from Lynchburg and other friends did not forget us. Myself and family received several presents on the Xmas. trees at Mansans church and at Corinth church.

At Corinth church, at Ford, the Xmas. tree was a gift to the school of Mr. J. E. Young, who has been Superintendent for about 20 years. He bore the entire expense and managed the whole affair. He is a prince among laymen and a tower of strength to his pastor and church being a steward also.

Tuesday night, the 26, there was a "box party" by the Ladies' Aid Society. There were twenty-two boxes which were sold at auction netting about $27. The young people spent the evening pleasantly playing innocent games, singing, reciting and in general social intercourse. There were about fifty persons present and the hospitable home of Mrs.— Vaiden was thrown open to us. The occasion was one of pleasure and helped to smooth out the wrinkles of our face, and helped us to forget also that there are silver threads among the jet.

Today we received by express from the ladies of Trinity church a coop of seventeen fine live hens. These good people know that chicken is an indispensable part of the preacher's equipment, and they expect these fowls and their product to be converted into sermons. Truly we are among kind, liberal, hospitable people.

We hope the TIMES' family had a merry Xmas. and may have a prosperous year for 1906.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Increase Your Yields Per Acre

One Of The Results

of liberally using our fertilizers, is to pay off a mortgage on the old farm. Read the following from Messrs. Wesley & Pope, Dinwiddie County, Va.: "We made $600 from one acre of tobacco and have been well satisfied with the results. Our fertilizers were used on considerable corn and we nearly doubled the yield of corn, as we have been accustomed to get before, but by liberally using

Virginia-Carolina Fertilizers

under pea and weed beans, we can now grow almost anything, and have never obtained better results for the peas. We experimented with a great many brands of fertilizers, but find the highest per-cent. cheapest. Now don't you think Virginia-Carolina Fertilizers are worth more than the price of a mortgage if you have one? Well, don't use any other.
